If I choose Uber over a taxi service that is my right. In a country where we have the freedom to make choices, it is unfair to regulate transportation one might choose. Latan Cox

South Carolina needs Uber. Any safe community needs Uber. I've used them several times with 100% satisfaction. Don't bow to the taxi/limo lobby, allow Uber to continue to get the potential drunk drivers off Carolina roads.

I recently visited your lovely Charleston for the first time for a weekend and some lovely Christmas shopping. I always look for Uber when I travel as it is the most convenient and dependable service everywhere I go. Please don't eliminate this wonderful service from your state. The benefits outweigh the problems.

**Subject:** Uber

I would like to respectfully submit that Uber be allowed to continue operations in South Carolina. I have used Uber in many places across the country in my business travels as well as in Charleston, SC and Greenville, SC with great success and satisfaction.

Their service is excellent and I have peace of mind given their background checks. To me, they are FAR safer than a cab as I have a picture, license plate number AND description of the car picking me up and I can easily match this information up for safety and security reasons.

I do not understand why you would remove this "ridesharing" service from South Carolina. They are far safer, cleaner and easier to do business with than ANY taxi I have EVER ridden in.
